TAKE PEPSINCO

Don't burn good fuel
in a poor stove

It's a useless waste of good fuel and a needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment, if your food does you no good, if food distresses rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPsinco.

Ask your druggist—he sells and recommends Pepsinco.

A Woman's Message to Women

CINCINNATI, OHIO.
"When I received your generous trial treatment, I was run-down, almost a wreck, could scarcely stay up to do my work. The terrible pains in my side and the heavy dragging-down feeling are all gone. I honestly believe I was saved from an operation. Mrs. Summers' Oplaine Remedy is truly a Godsend to suffering women. Please print this if it will lead any sufferer to recovery."
MRS. T. G. CARTER, 5600 Russell Ave.
DETROIT, MICH.
"Six months ago I wrote for a sample of Mrs. Summers' Oplaine treatment. I had spent hundreds of dollars seeking health, before I overcame my prejudice to advertised medicine and used your remedy. I was just at the point of having an operation, as I was in terrible shape from not having proper care after confinement. I ordered six boxes of your treatment, and today I am a well woman, can do my work and enjoy myself. Words cannot express my gratitude. Use my letter wherever you wish, as I am convinced there is nothing in the world like the Oplaine treatment."
MRS. CHARLES LENTZ, 816 Sheridan Street.

MICHAELS-STERN

Build your Winter Home on a Hill

The Overcoat you buy this week will in all probability be with you this time next year.

If you buy a poor garment in November, 1919, you'll need a good one by December, 1920, so why not do it right the first time—the difference in cost between the wheat and the chaff isn't enough to talk about—much less take seriously.

A good, all wool, shape retaining Overcoat made by MICHAELS-STERN will cost in the neighborhood of \$35 to \$50. It will dress you up and wear you well—keep it's shape and be in shape to wear well into 1921 or 2—and if you read this advertisement—which by the way is as true as steel—and still insist on buying a Cheap coat—then there's nothing more that we can do—is there? You ought to see the Value we're giving in Union Suits.

Riots Occur at Cork When Sinn Fein Is Hit

Cork, Ireland, Nov. 10.—Order was restored here early today after a brief reign of terror during which fighting occurred in the streets and shops were broken into. Several shots were fired. Troops supported by armored cars, were sent out from the barracks.

The trouble is said to have started when soldiers from a Shropshire regiment went into the streets shouting: "To hell with the Sinn Fein."

Several clashes followed. The police intervened on the side of the soldiers, but it was some time before quiet was restored.

HIS INVENTION WILL DRIVE AUTO 60 TO 90 MILES ON GALLON OF GAS.

Clyde B. White, youthful inventor of Rome, N. Y., whose device, known as the electric vaporizer, not only eliminates spark plugs but also the carburetor in automobile gas engines. White is a mechanic in the employ of the Rohe Brass Works. He recently sold his patent rights to a Buffalo concern, receiving \$35,000 in cash and \$20,000 in stock in another industry controlled by the Buffalo concern, and a royalty said to be \$500 a month. His invention is looked upon as a possible revolutionizer of the automobile industry. In a test with a six-cylinder standard engine, sixty-three miles were obtained from one gallon of gasoline. With a four cylinder engine ninety miles was the total.

BIFF!

Stop jolting Liver and Bowels with violent drugs, but take "Cascarets."

"Dynamiting" bile out of your system with calomel and other sickening purgatives is all wrong. Salts, Oil and Cathartic Waters act by flooding the bowels with the digestive juices which are vital to the stomach. Cascarets are different. They act as a tonic to the bowel muscles, which is the only sensible way to relieve a bilious attack, a sour, acid stomach, or constipated bowels. There is no griping or inconvenience. You naturally return to regularity and cheerfulness. Cascarets cost very little and they work while you sleep.

YOUNG WOMAN WOULD RIVAL "OLD RIP" NOW

"I Think I Could Sleep For a Week, Since Using Trutona," She Declares.

Portsmouth, Ohio, Nov. 10, 1919—"I believe I could sleep for a week if no one called me and to think, before I took Trutona, I could hardly sleep at all," Miss Pearl Lewis, a well known Portsmouth young woman who lives at 601 West Market street, said recently. "Constipation, nervousness and a derangement of the kidneys was the source of my troubles," she continued. "Invariably after eating any heavy food I would feel bloated, I was so restless I could hardly sleep at nights. My kidneys pained me at times. Trutona has done me so much good, although I have been taking it for only several days. It is certainly a fine laxative, so mild and gentle in action and it has given me relief from my kidney trouble, too. My nerves are much steadier and, as I said, I believe I could sleep for a week now. The trouble I formerly had with my stomach is a thing of the past. I can eat anything I want to now and don't suffer the former bad after effects. I think Trutona is the best tonic I have ever taken and I'm sure it will help anyone troubled as I was."

Trutona has been the recipient of praise from thousands of weakened and run-down men and women, to whom the perfect tonic has restored perfect health. As a combatant of stomach, liver and bowel troubles, nervousness, sleeplessness and the like, Trutona is peerless. Trutona is equally as efficient in overcoming after effects of pneumonia, influenza, deep colds and the like.

Trutona is now being introduced and explained in Xenia by Sayre & Hemphill.

GIVING OUT

The Struggle Discourages Many a Citizen of Xenia.

Around all day with an aching back. Can't rest at night. Enough to make any one "give out." Doan's Kidney Pills are helping thousands.

They are for kidney backache; And other kidney ills.

Here is Xenia proof of their merit: Mrs. David Pohl, 751 W. Second St., says: "Doan's Kidney Pills cured me of kidney trouble and I am glad to recommend them. I suffered with lameness in my back quite often, but the most trouble came from bladder disorder and I was annoyed by the way my kidneys acted. When I got up, I felt tired and drowsy and it seemed as if I never could get enough rest. Doan's Kidney Pills, which I got at Donges' Drug Store, helped me right away and I have been cured that way at all since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pohl had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. TOUCH OF CLOTHES GAVE DAYTON MAN SEVERE SUFFERING

Operation for gall-stones and appendicitis left him in bad condition. Bowels were sore; stomach swollen; very nervous.

Declares that Drecto has brought much relief by overcoming his troubles.

"A year ago I was operated on for appendicitis and gall-stones and have suffered greatly ever since," states Mr. John E. Fay of 51 Campbell St., Dayton, O., the popular lumber buyer for the International Golf Shaft Co.

"It was a rare exception for me to get any sleep, for the pains kept me awake night after night. My stomach was so sore and swollen I could hardly bear for my clothes to touch me; at times I was so constipated that it seemed my bowels were locked. I was almost unfit for my work."

"Someone recommended Drecto to me, saying it had helped them, so I took a chance on a bottle. I now feel that fate blinded me to buy Drecto, for I'm almost a well man today. All the soreness and pains in my stomach and bowels are gone; bowels are acting regularly; my appetite has returned, for I eat three meals a day and enjoy them. I rise of mornings feeling full of energy and ambitious to get to work. I'm going out on a trip today, and it is the first time I've felt keen to go in a long time. This is grand medicine and has made a new man out of me."

Drecto acts on the vital organs promptly and in a pleasing fashion. It eases the stomach and assists it to digest the food properly; gives strength to the kidneys; works the bile from the liver; overcomes constipation; banishes rheumatism and tones up the entire system.

All good druggists now sell Drecto, and it is highly recommended in this city by SOHN'S DRUG STORE

THE TREATY WITH RESERVATIONS.

By William Howard Taft.

All the amendments to the treaty have been or will be beaten. The friends of the treaty may well rejoice that the fight has reached this stage, because there was a time when it looked as if two or three of the amendments might be adopted. For practical purposes the difference between an amendment and a reservation is that in case of an amendment the ratification will not take place unless all the nations signatories to the treaty formally agree that as to all of them and their obligations the treaty is so amended.

A ratification with reservations is one which is conditioned on a change or a qualification or an interpretation applicable only to the obligations under the treaty of the nation making the reservation. A reservation really does not require express acquiescence by any of the other parties if they go on with the treaty without objection. It is good to be rid of the possibility of amendments because it reduces the probability that a resubmission to a conference or extended negotiations will be necessary.

This victory for friends of the treaty is due to the courage, the independence and the broad vision of the original mild reservationists, Senators McCumber, Coit and McNary, and their associates who have gathered to their assistance, Senators Nelson, Kellogg, Hale, Edge, Sterling and Keyes. They, with the aid from time to time of other Republicans and all the Democrats but three or four, defeated the amendments. They have had to stand up against the nagging, disagreeable pressure of party associates, accompanied by bitter criticism, by innuendoes as to their loyalty to their fellows and by sneers at their declared convictions. The friends of the treaty may well be grateful to this band of nine Republicans, because without them the treaty would have been a wreck.

THE HONEST AMERICAN.

That the industrial classes of America are remarkable for their honesty and faith is the testimony of Arthur J. Morris, founder of the Morris Plan banks. These banks lend money on character, earning power and ability. The borrower is made to repay his loan by saving a regular sum weekly or monthly until the loan is repaid. These banks serve the great mass of the people who need financial credit just as the banks which loan only on the old-fashioned type of collateral serve the well-to-do.

At the annual convention of the directors and trustees of these banks, the statement was made that \$125,000,000 has been loaned in 104 cities of the country with a loss of less than \$1 per \$100.

It is a cheering thought, in these days when we are being told on every hand that we are all money-mad and totally unbalanced in our demand for luxuries, to realize that, take us on the whole, we pay our debts. We may demand that the piper play for our dancing, if dancing be our mood. But when the gray of the morning after comes along, we are willing to work soberly and use the product of our toil to pay the piper.

SAYS FARMER CAN'T CUT LIVING COSTS.

The farmer cannot reduce the cost of foods, in the opinion of Alfred Vivian, dean of the College of Agriculture of Ohio State University. He says the greatest reduction in food costs must come through improved distribution.

"Gross sales from the farm average only 25 per cent of the capital in one year," he says, "thus making a four-year turnover on investment. Sentiment often keeps a man on the farm when he might better sell his land and put the money out at 5 per cent interest, work for the high labor wages of the city and obtain consequent higher total profit."

He cites as an illustration, with higher costs of farming machinery, materials and labor considered, that to produce one bushel of wheat there are these costs: Farmer's time, one hour, \$1; one hour of team labor, 50 cents; one-tenth bushel of seed, 22 cents; twine and threshing, etc., 22 cents; interest on \$10 worth of land at \$150 an acre, 60 cents; taxes, 10 cents; fertilizer, 18 cents, and depreciation, 8 cents; making a total of \$2.90.

The farmer must be both capitalist and laborer, he says, with no control over the market as to time or price, and his success depends upon the weather.

RELIGION THE NEED OF THE DAY.

An editorial by Roger W. Babson, says:

"The need of the hour is not more legislation. The need of the hour is more religion. More religion is needed everywhere—from the halls of Congress to the factories, mines and forests. It is one thing to talk about plans and policies, but a plan and policy without a religious motive is like a watch without a spring or a body without the breath of life. The trouble today is that we are trying to hatch chickens from sterile eggs. We may have the finest incubator in the world, but unless the eggs have the germ of life in them all our efforts are of no avail."

"The solving of the labor situation is wholly a question of religion. The wage worker will never be satisfied with higher wages and shorter hours any more than you and I are satisfied with more profits and a bigger house. Things never did satisfy any one and never will. Satisfaction and contentment are matters of religion. Communities and industries where right motives are paramount have no serious labor troubles."

"When both employer and wage worker honestly believe that we are here in this world to serve others, the labor problem will be solved; but not until then."

Oh, Boy! This Girl Would Pay Escort's Bills

New York, Nov. 11.—An advertisement, which, according to the advertising department of Columbia University's daily newspaper, the Spectator, is the legitimate appeal of a young woman, appeared in a recent issue of the paper over the address "B 26 Spectator." The ad reads: "Are you bound by convention? A Columbia girl from out of town, cultured, well bred and fairly good looking, wishes to make the acquaintance of several men in order to be introduced at Columbia functions. She is entirely unconventional and is willing to meet the men all way by paying all expenses. Strictly confidential."

Several hundred students are patiently awaiting a reply, for the ad was well answered.

Even High Cost of Intoxication Goes Up

Paris, Nov. 11.—The high cost of living is going to make it more expensive to get drunk and disorderly in France, M. Escudier, one of the deputies from Paris, points out that the present fine of \$8 assessed by French magistrates for this offense was fixed many decades ago and that the amount the French Government gets out of a drunkard is ordinarily smaller than that received by the assisting bartenders. His bill to remedy the evil is expected to pass.

Appoint Editor of High School Review

Arthur Bales, senior at Central High School and high school reporter for the Gazette and Republican was selected editor in chief of the Central Hi Review, the school weekly at a meeting of the judges Monday. Fair Swimmers Adopt One-Piece Bathing Suits

Berkely, Cal., Nov. 11.—One-piece bathing suits of white cotton are the official garments adopted here by 175 fair emulators of Annette Kellerman, being members of a swimming class conducted by Play-ground Supervisor Schneider here. They voted this as their official attire.

Shocking? Not a bit of it, they say. Many of them are married and mothers. So they ought to know.

Relief Came at Last

Father Had Given Up Hope of Curing Son's Cough

Mr. A. F. Sherer, owner of a machine shop, Haviland, Ohio, says, "My son had a cough for several years. We began to think his case a hopeless one. He could get no relief until he used Glando Pine. Three bottles cured him."

A neglected cough has undoubtedly caused more deaths than any other agency. A lingering cough should be promptly treated. If allowed to continue the tissues of the lungs will be weakened and the power to resist epidemics of cold and grip is lessened. By getting three ounces of Glando Pine you can make one pint of excellent cough syrup. Keep it on hand and use it freely. Stop that cough before it has too firm a grip upon you. Don't be careless and make a mistake that may cost you your life. If you can not get Glando Pine of your druggist send 50 cents to The Glando-Aid Co., Paulding, Ohio, and it will be sent you.

It is easy to prepare, costs but little, and is pleasant to take. It is splendid for coughs, colds, bronchial affections, and highly recommended for croup. It will relieve the spasmodic coughing in whooping cough. Glando Pine contains the pure form of white pine to which other valuable ingredients have been added. Directions for preparing accompanying each bottle.

PRINCE OF WALES DUE AT WASHINGTON TODAY.

Washington, Nov. 11.—During his stay in Washington, the Prince of Wales will occupy the home of Perry Belmont. The State Department has announced that it has obtained the beautiful residence on New Hampshire avenue for the duration of the Prince's visit.

The Prince and his party are expected to arrive here on November 11, the anniversary of the armistice. They will remain three days.

Time Will Tell.
"Allee, darling," he whispered, as mushy as could be, "I'm the happiest man alive to call you wife, but I'm afraid I'm not good enough for you." And it took him only two years of married life to prove to her that he was right.

They also relieve bladder and urinary ailments. Sayre & Hemphill.

Hundreds of others have found equal merit in Duffee's Cough Syrup and gold about it. At the first indication of a cold, take this syrup. Often it will check it quickly. But if the cold is deep-seated, a dose may be taken every hour for twenty-four hours, and if you will take Duffee's Fifty-Fifty Tonic Laxative Tablets with the Cough Syrup, your cold will almost invariably disappear. He has seen the most severe and apparently uncurable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

"People who want to try this new treatment can make a pint in a few minutes.

Four one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

Free Yourself of Rupture Without Pain, Operation or Loss of Time

FOR the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful makeshift trusses that do not cure.

The Brooks Appliance Co. gladly sends their remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents it coming down or slipping out and finally assists Nature to heal up the rupture.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure—after you read this page is *your own fault*.

Now we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance *on trial*. If you really want to be rid of your rupture fill out the coupon below and mail it today.

Instead of wearing a steel spring or inflexible harness, try the *velvet-soft* Brooks Appliance.

Instead of the old hard or stuffed pad, use the *soft rubber automatic air-cushion* of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it **HOLDS** always.

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss forever.

Over 685,000 People Have Accepted This Offer. Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success—that it does all we claim for it? Among these 685,000 men, women and children there must be *hundreds whose condition was identical with yours*. Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks Appliance will do for you?

Mr. C. E. Brooks, inventor of the Appliance. Mr. Brooks cured himself of rupture over 30 years ago and patented the Appliance from his personal experience. If ruptured, write TODAY to the Brooks Appliance Company, Marshall, Michigan.

and the results accomplished by its use are little short of miraculous.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective.

No matter if your rupture is old and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this **No-Risk Trial Offer**.

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

If for any reason whatever you do not wish to keep the Brooks Appliance after you try it, send it back. You don't have to give any reason. You are to be the sole judge. There will be no argument, no dispute or misunderstanding.

Ten Reasons Why You Should Accept This Offer.

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.
7. Nothing to get foul; it can be washed without any injury.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.

SANDRA THE
JEALOUS

BY JANE PHELPS.

"Does It Please You Sandra, Then I am Satisfied."
CHAPTER CXVI.

I could scarcely restrain my impatience. But I knew teasing would do no good, so tried to chat of my visit while simply burning up with curiosity.

Mrs. Gray and the servants seemed glad to see us, and after I had greeted them, Everett said:

"I will take Mrs. Graham to her room, Mrs. Gray," so I wondering at the unusual attention, followed my husband upstairs.

"Oh, Everett, how lovely!" While I had been away he had done my room all over, and had had a door made between it and another room, which, he explained, was for Junior.

"When he gets a little older we will want him near us, so as I had the workmen here I thought I might as well have it done now. Then he took my arm and escorted me down stairs. In the drawing room, which also had

the room so strange. Then it dawned upon me: Leola's picture was gone! Tears rushed to my eyes as I saw. Then I turned to Everett. "Thank you dear—it is all lovely."

I think he understood, for he bent and kissed me and said: "If it makes you happy, I am content."

Then we went into dinner. Everett was very gay, for him, but I could scarcely follow his sallies, so intent was my mind upon what he had done. All the rest was as noth to the banishment of that hated picture. How thankful I was I had not asked him again to remove it after baby came—as I had been tempted to. He had done it now of his own free will, and because he thought it would make me happier.

I never had loved my husband as I did at that thought. For I was sure he still loved Leola, better than he ever loved me. Yet he had put away her picture so that I might be happy.

After dinner I tried the piano while he smoked. It had a lovely tone and when he expressed the hope that I would now practice more, I readily promised to do so.

It seemed there was no end to my surprises. After a bit he said: "Sandra, I think we should do something with those clothes of Leola's in the attic. He spoke her name naturally, something he never had done before. 'It seems a shame to have them up there when they might do someone good."

"What would you like done with them?" I asked, scarcely believing I had heard aright.

"Of course you couldn't wear them, and just as of course they aren't suitable for the servants. Haven't you some young friends who could take them, make them over and so get some good from them? Or would you rather give them to some charitable organization and let them sell them?"

"No, that would be too cruel, to sell those lovely things. But I know two girls out home, the Uorcross twins, they used to have money and still go in the very best society, and are lovely girls. But they are poor as church mice. They both sew beautifully so if you don't mind I will send the things to them."

"Do so. Here are the keys. Look everything over carefully to see if there are any papers or letters among them. If there are, destroy them," then he changed the subject.

As I laid the keys away until morning, I wondered what could have happened while I was away to make Everett do all he had done. But it wasn't the new piano, nor my lovely room I had in my thoughts; it was the disappearance of Leola's picture and his request that I dispose of her clothes.

Tomorrow, Everett Explains His Action.

EASY TO DARKEN
YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so even a youthful and attractive though, at home is mousy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

After the Years
By GENEVIEVE ULMAR
(Copyright, 1919, by the Western Newspaper Union.)

It was like a fair dream to Gerald Rolfe, that bright, sunshiny afternoon, but a vivid one, the memory and influence of which was to remain with him through life. He was a manly little fellow of ten, and for two whole blissful hours he had wandered about a beautiful garden with a charming miss two years his junior, she courteous, then gracious, and finally indulgent and affectionate.

Why his widowed mother had brought him from Belleville to call upon Jared Marston, the rich manufacturer, Gerald had then no idea. He was only glad that she had left him to play with the little girl while she, serious-faced and at times weeping, sat on the porch conversing with Mr. Marston, who seemed sympathetic and interested.

"I like you better than any boy I ever knew, Gerald Rolfe," said Beulah Marston, earnestly. "I won't ever forget you."

"Nor I you," replied the lad staunchly. "See, I found two four-leaf clovers. I'm going to press mine and keep it always in this old memorandum book my father always carried."

"And I shall put mine in the little locket I wear with mamma's picture in it," said Beulah.

"Oh, papa!" she added, as her father and his visitor approached. "Please can't he stay and then come again? He is a grand, good boy, and I love him so much!" and both children were in tears at the parting, and then they clung to each other and kissed. Beulah sobbing out her grief and disappointment.

"We are going to leave Belleville tomorrow, Gerald," said Mrs. Rolfe, when they had arrived home. "Your poor father has left nothing and we are going to the city. I shall visit his grave early in the morning and I wish you to go with me."

It was beside the newly-made mound that Mrs. Rolfe drew Gerald to her side. "I have something very solemn and sacred to tell you," she said. "Something you must never forget and which will be the guiding impulse of your life. Your father died of a broken heart. It was not because he had lost everything, but for the reason that he had innocently involved an estate of two orphans of which he was trustee. That fact drove him nearly insane. When Mr. Marston generously paid up every debt it brought to your father joy and relief and he died blessing this noble benefactor. Gerald, I want you to take a solemn vow that if ever you can serve Jared Marston or his family, even at the cost of all you possess, you will make the sacrifice ungrudgingly."

"I shall never forget," pledged the boy solemnly, and he never did. The vow was as sacredly regarded as was the life remembrance he had promised little Beulah.

Mrs. Rolfe died nine years later, not, however, until she had seen her son secure in a promising position. At twenty-one Gerald was a comparatively wealthy man. Just after that he went down to the home of the Marstons. Incidentally through the years he had kept track of them. Lately he had learned that Mr. Marston had failed in business. When he arrived Gerald discovered that father and daughter had taken up humble quarters in a little cottage. Mr. Marston had not found employment and Beulah was earning their living as a teacher of music.

It was Beulah who answered his ring at the door bell and informed him that her father was absent. She had grown into a creature so lovely that Gerald sat like one dazzled. He noted that she fixed her eyes penetratingly upon him several times. Finally she said:

"Have I not known you before?"

"Many years ago, yes," he replied.

"Then you are Gerald Rolfe," spoke Beulah. "We were little children then, but I have not forgotten, and father has often wondered what became of you."

"My mother died four years since," said Gerald. "I have come to tell your father of the gratitude and regard of my dear mother," and he recited that solemn promise made at the grave of his father. "Miss Marston, the money your father so generously advanced, with the interest, representing nearly ten thousand dollars, I shall repay, and my partners in business have authorized me to solicit his services as an experienced man in our line."

A few weeks later the Marstons had moved to the city and Gerald called at their new home. He came to confess his love and offer Beulah his heart and fortune. She regarded him thoughtfully, but there was a tremor in her voice as she murmured with a longing smile:

"Are you very sure, Mr. Rolfe, that an overestimate of my father's act of kindness has not influenced pity, charity, an interest that has impelled you towards a sense of duty, rather than—"

"Love!" questioned Gerald quickly. "Let this answer," and from the tattered, cherished old memorandum book he drew forth the four-leaf clover.

And flushing, but happy-eyed, Beulah removed the locket at her fair white throat and produced the counterpart of the love pledge of the long ago.

PIMPLY? WELL, DON'T BE
People Notice It. Drive Them
Off with Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

Of Course I'll Take CELERY KING
I take it every season and so do mother and the children. It's old fashioned and made of roots and herbs, but it's right there, just the same, and costs next to nothing. We all think it's the best tonic laxative we ever heard about, and so do other people we have recommended it to. Take it every other night for three weeks, if you want to feel better, sleep better, work better and be better. It purifies the blood, clears the skin and chases away that "worn out feeling." Brew a cup tonight just like you make tea. You'll like it.

MAROONS DEFEAT SPRINGFIELD 11 BY 32 TO 0 SCORE

Meeting the pick of Springfield's gridiron talent in a long drawn out game at Reserve Park Sunday afternoon, the high-powered Xenia Maroon football machine trampled over the Tecumsehs, flattening them out to the tune of 32-0.

Heralded by the Reeper fans as the gridders who were selected to avenge Springfield for the two previous defeats handed them by the locals, the visitors were not without reputation when they entered the lists on the local oblong Sunday, but although they represented the cream of the talent skinned from three teams, they were helpless before Baidner's proteges.

Bone battering line smashes interspersed with a few passes were employed principally by the locals in hammering down the defense of the opposition. Little of the spectacular aroused the excitement of the crowd, the locals using the safe and sure method in almost every instance. The powerful off-tackle plays of Buck and "Atlas" Smith, the sterling defensive work of Derrick and Hoag, and the dodging speed of "Bill" Leahy, who drew cheers for his brilliant forty yard run for a touchdown through the entire visiting team, stood out prominently to hold the interest of the fans.

The battering fray resulted in several casualties. B. Spichity, of the visitors retiring early with a damaged lip and Guthrie being rushed to the sidelines later when he got in front of Wolf's foot when the latter attempted to punt.

"Phil" Buck, brilliant Maroon backfield man, was removed from the set to when he twisted a leg, and "Bill" Leahy, his running mate, was in a like predicament when he was kicked in a scrimmage.

The charging of Xenia's line, and the brilliant work of the backs, was good to look upon, while the Springfield line-men were no slouches on defense either.

The locals are now ready for the tie up with the Dayton Beavers here next Sunday, this being the only team to defeat them this season. The line-up: Maroons (32) Tecumsehs (0)

CROSS EYES

We absolutely guarantee to straighten CROSS EYES

with the aid of lenses only.

DO YOU KNOW YOU HAVE ASTIGMATISM?

Do you know that nearly one-quarter of the people have astigmatism? Do you know that a big per cent of these people who have astigmatism are bragging about their eyes? Astigmatism is not a disease, but a defect in the shape of the eye ball, such as irregularities in the curvature of the cornea and crystalline lens. Astigmatism necessitates an irregular strain upon the muscles in adjusting for different objects, thus causing an exhaust of nerve energy, consequently you may readily see why this abnormal condition causes nervousness.

Can you not see that the constant drain on your nerve supply weakens the entire nervous system and the end in many cases is complete nervous prostration. In fact, there is no defect in the eye which causes more discomfort and suffering than astigmatism, and yet a peculiar feature about astigmatism is, the people who have it seldom know that there is anything wrong with their eyes. They attribute all their sufferings to some other cause. They believe they can see as well as anyone and in a good many cases they can, but the overwork is going on just the same, and the exhaust of nerve supply thus affects the brain, and if you disturb the brain you have pained the highest seat and center of the whole nervous system, consequently you have daily headaches; also pains extending down the back of your neck and shoulders which is thought to be neuralgia, a ringing and roaring sound in the head, blood-shot eyes, a striking and burning sensation, a feeling as though sand was in the eyes, a nauseating feeling of the stomach producing vomiting spells, a loss of appetite and irritability.

What you want is a properly ground lens to overcome the muscular and nervous strains, thus placing your eyes in a perfect focus which produces a complete state of rest. Then you have removed the cause and your headache ceases for good. This fact has been proven to patients of Mrs. Lingerfield who has fitted people in this and neighboring counties during the past seventeen years.

Lingerfield's Dayton Office is in Reibold Building, 611-612. Phones:—Office 8599 Main Residence 2730 Main

public schools. Industrial work is part of the curriculum which must be taken up by all students of the Cincinnati schools, and special work along this line is undertaken for defective children. While special work is undertaken for the backward children, and special schools are provided for the tubercular and anaemic, little is done for the superior children, in the Cincinnati schools, and while mentally able to be advanced, they are kept back with the slower moving pupils, Mrs. Johnson said.

Ohio is the only state which has a Bureau of Juvenile Research, and Mr. Goddard, who is head of that bureau talked to the assembled mothers.

Miss Bertha Trebein, who is county secretary of the child welfare movement, told of the "back to school" drive.

Mrs. S. M. McKay in a short talk to the women, told them what she thought could be expected from the Red Cross in the way of help toward its work. Mrs. Jesse Johnson presided at the meeting. The League will hold its next meeting December 13th.

A state meeting of child welfare workers will be held in Cincinnati this week, and Miss Trebein was elected delegate to the meet.

ARMY OFFICER BRINGS WAR ORPHANS HOME

Oxford, O., Nov. 7.—When Captain George Little returned from France he brought with him little Pitka Caravaska, a Serbian orphan. When the Captain took up his duties as Coach of the Miami football team, Master Pitka came with him and at once became the campus favorite. He is sixteen years old and speaks French, German and English fluently. The football team has adopted him as their mascot and he accompanies them on all their trips.

Pitka was born in Belgrade, Serbia and it was there that he was made an orphan by a German air raid which claimed the lives of his parents and sister. He drifted into a German prison camp where he remained three years. He finally escaped and was found wandering and half starved in No-Man's land by a company of American soldiers. After twenty months with the American Army at the front, during which time he was wounded, he arrived at Brest where Captain Little found him. He became a stowaway on the U. S. S. Troy and landed at Ellis Island, where Captain Little's sister intervened for him and secured his release. Although the little fellow cannot be adopted until he has been in this country a year, Coach Little intends to adopt him at the expiration of that time. Meanwhile Pitka is attending the Oxford public schools and entertaining the students on the Miami campus.

BOSTON TRAFFIC COPS TO BE "ALL LIT UP."

Boston, Nov. 10.—Boston traffic officers are to be "all lit up" hereafter. The First Motor Corps of the State Guard which is handling traffic on Boston streets, until a new police force is formed, have originated the "lighted cop" idea to direct the streams of motor vehicles during the warning light of the evening rush hour. The head dress consists of a light frame work of copper wires with a bang fitting the hat and a small incandescent red bulb at the apex lighted by electric current from a battery carried in the pocket. In addition the traffic officer wears a white shoulder harness, making it possible to see the officer several blocks away. The illuminating device was originated by Lieutenant James A. Morse, of the Motor Corps.
